

Appl. No. ____/____,____

Preliminary Amendment to a divisional of S/N 09/608,639

Remarks:

This application is a divisional of U.S. Patent Application Serial No. 09/608,639. In the parent case, apparatus claims were presented and allowed. This divisional application is filed to present the previously non-elected method claims canceled in the parent case.

Respectfully submitted,

Joseph M. Geller
